## **Learner Expectations**

Which of the areas do you think are your strengths?

In which area have you grown and improved? How do you know you've improved?

In which of these areas could you continue to improve?

## **Course Standards**

Reflect on your learning this past trimester.

Have you completed all of the assignments and practice work to help you master the standards?

What are some things you now understand and can do?

In what ways did you show what you learned this trimester?

Did you demonstrate a growth-mindset and always strive to learn more?

What is a learning goal you have for yourself between now and the end of the year?
