

Dear Parents & Incoming 6th Grade Students,

It's almost summer, and time for Summer Reading! Students are required to read 2 books this summer. The first book will be from the list below. Each student should have chosen a title during class. (New students may choose any book.) In the fall, students will participate in a book talk with the teacher and the students who read the same book.

After completing the book, students are required to write or type a half-page summary. **This should not be copied from the book jacket or any online resource\***. This will help them to participate in the book group discussions.

The second book is student's choice of any book at their independent reading level. For this book, again, they should write or type a half-page summary.\*

Happy summer!
